

The “Intimate partner” of X-ray scanner no interference when working together

- ✓ Handsome
- ✓ Environment friendly
- ✓ Sturdy
- ✓ Easy installation
- ✓ Long life
- ✓ Cost-effective

VO-1618

(Intelligent Type)

aluminium alloy cross bar

ultrathin unit control

The “Intimate partner” of X-ray scanner no interference when working together

Handsome, Environment friendly, Sturdy, Easy installation, Long life, Cost-effective

VO-1618 (Intelligent Type)

Data Sheet:

Working Voltage	AC 100V-240V
Working Temperature	-20°C to +70°C (-4°F to +158°F)
Relative Humidity	0-95%
Passage Dimensions	L513 X W750 X H2045 mm
External Dimensions	L600 X W910 X H2181 mm

Practical application

1	<p>Stick to X-ray scanner</p> <ul style="list-style-type: none"> - no omitted alarm - no false alarm 	
2	<p>Multi- units work closely at the same time</p> <ul style="list-style-type: none"> - no omitted alarm - no false alarm 	
3	<p>Work in large metal house</p> <ul style="list-style-type: none"> - no omitted alarm - no false alarm 	

Functions and characters:

1. Exclusive patent, there is no interference and be able to work normally when stick to X-ray scanner.
2. 9 operating frequencies, Multi- units can work together closely at the same time without interference.
3. Made from strong impact-resistance material of ABS, PC, and aluminium alloy.
4. 6,12,18 zones selectable.
6. Inbuilt super bright LED indicators.
7. Automatic self-diagnostics and self-balancing environment.
8. Automatic passenger and alarm counting.
9. Over 30 application programs included, such as bank, hospital, prison,etc
10. Quick setting function to increase throughout : it's able to eliminate those safe metal objects,such as belt fastener, keys, jewelries.
11. Bright LED to indicate the traffic instructions.
12. water-proof design, indoor and outdoor use, IP43(optional)
13. external backup battery can last 20 hours (optional)
14. LCD menu.
15. Password protection, prevent any hostile change of parameters by any unauthorized person.
16. Reserve interface for networking, turnstile, and access control system (optional)
17. Harmless to human body, heart pacemaker , pregnant women, magnetic floppy, recording tapes, etc.
18. Conforms to the applicable international standards for electrical safety and CE,ROHS,FCC.

Applications:

- school, sports event
- emergency security work
- conference, VIP protection
- All places where high sensitivity metal detection is required

**Suitable for
all interference environment**
